Angela Davis

Angela Davis is a professor and political activist who spreads libelous information about Israel. She exclusively blames Israel for the conflict, ignoring Palestinian Arab terrorism against Jews.

**Davis calls Palestinian Arab terrorism an acceptable form of “resistance.”**

- She minimizes Palestinian Arab terrorism, stating that “the question of [Palestinian Arab] violence… [is not one of] the issues that are at the center of struggles for justice.”
  - The Palestinian Authority (PA), which controls parts of Judea and Samaria (the ‘West Bank’), incites terrorism, even putting terrorists on a payroll. Also, Hamas, a U.S.-designated terrorist group forcibly controlling Gaza, is openly dedicated to murdering Israeli civilians. It has killed at least 1,400 Israelis since 2000, and injured thousands more.
  - Ignoring the key role Palestinian Arab terrorism plays in perpetuating the conflict, Davis exclusively blames Israel for preventing a peaceful resolution.

**Davis spreads propaganda suggesting that Israel is a colonial state that ethnically cleanses Palestinian Arabs.**

- Davis falsely asserts that Israel occupies Palestinian Arab land.
  - There has never been an internationally recognized state of “Palestine.”
  - In reality, Israel has legal rights to all the land it governs.
  - During the 1967 Six-Day War, a defensive war against surrounding Arab aggressors, Israel legally won Judea and Samaria, the Golan Heights, the Sinai Peninsula, and Gaza. Although Israel later relinquished its control of Gaza and the Sinai Peninsula in hopes of furthering peace, it was under no legal obligation to do so.
- Davis spreads false propaganda accusing Israel of ethnically cleansing Palestinian Arabs, while ignoring Palestinian Arab leadership’s call for the extermination of the Jewish people.
  - The Arab population in Israel has been growing at a rapid rate, and by 2059, the percentage of Arabs in Israel is projected to grow from 20% to 23%. This growth would not be possible if Israel was ethnically cleansing Palestinian Arabs.
  - On the other hand, Hamas’ founding document calls for the destruction of Israel and the genocide of the Jewish people, which Davis conveniently ignores.

**Davis falsely claims that Israel is an apartheid state. She also promotes a conspiracy theory connecting the experiences of Palestinian Arabs to racism in the U.S.**

2. Ibid
• Davis starred in a video promoting Black-Palestinian solidarity, which compares the police killings of innocent African Americans with Palestinian Arabs terrorists killed by the IDF.
  ■ Unlike unarmed Black victims of police brutality in the U.S., the Palestinian Arabs
    Davis sympathizes with were killed while carrying out terrorist attacks.
    ○ Davis’ Black-Palestinian solidarity project falsely claims that Israel targeted civilian
      populations in Gaza during Operation Protective Edge in 2014.\textsuperscript{14}
    ○ In reality, Hamas used their people as human shields, which is illegal under international
      law. Hamas has been hiding their weapons in UN hospitals, shelters, and schools.\textsuperscript{15}
• Davis falsely accuses Israel of being an apartheid state, thereby minimizing the experiences of
  those who actually suffered from apartheid in South Africa.
  ○ Israel is not an apartheid state according to the UN’s definition;\textsuperscript{16} all minorities possess
    equal rights in Israel including Israeli Arabs.\textsuperscript{17}
  ○ Arabs and Israelis are equally encouraged to participate in all aspects of society. For
    example, Israeli Arabs have been democratically elected to hold top positions in the
    Knesset (Israeli Parliament) and Supreme Court.\textsuperscript{18}
  ○ Israel does not rule over Palestinian Arabs in Judea and Samaria; this is the job of the
    PA. The PA denies Palestinian Arabs basic freedoms, but this has nothing to do with
    Israel, as the PA runs a dictatorship over its citizens.\textsuperscript{19}
  ○ After years of Palestinian Arab terrorist attacks, Israel had to place certain restrictions on
    the movement of Palestinian Arabs living in Judea and Samaria.\textsuperscript{20}
    ■ These restrictions, such as a security barrier and border crossings into
      Israel, proved to work, as terrorist attacks have nearly ceased since their
      implementation.\textsuperscript{21} The following graph demonstrates this:
